Please enroll my child in the Sunday School program for the coming year. As the parent or guardian, I understand that I have a sacred responsibility to see to their religious education. This responsibility can only be fulfilled if I work in partnership with the clergy and Sunday School teachers. I therefore promise to make a conscientious effort to see to it that my child attends Sunday School regularly, to work to reinforce their lessons at home, and to participate as needed in the class work, special projects, parent meetings and field trips of the Sunday School.
